

Boost4200

Get a power boost! **Boost4200** from Eton is a powerful backup battery pack with a 4200mAh lithium ion battery that provides long-lasting reliable power whenever and wherever you need it. Fast and efficient, when fully charged Boost4200 fully charges most smartphones two times -- and it also charges tablets -- so you're never caught powerless.

With its sleek and elegant design, Boost4200 fits in the palm of your hand. Boost4200 features a Micro-USB DC input to use with most smartphone chargers or computers. It packs enough power to charge a smartphone twice, and with its 5V=2.1A output, it can even charge tablets.

An LED charge indicator enables you to monitor the battery charge level when you give it a quick shake. Whether you're traveling for work, for pleasure, or just around town, let Boost4200 provide the power you need to stay fully charged wherever you are.
