

Boost8400

Get a power boost! **Boost8400** from Eton is a powerful backup battery pack with an 8400mAh lithium ion battery that provides long-lasting reliable power whenever and wherever you need it. Fast and efficient, when fully charged Boost8400 fully charges most smartphones four times -- and it also charges tablets -- so you're never caught powerless.

With its sleek and elegant design, Boost8400 fits in the palm of your hand. Boost8400 features a Micro-USB DC input to use with most smartphone chargers or computers. It packs enough power to charge tablets and smartphones. With two standard USB ports, Boost8400 can charge two devices simultaneously.

An LED charge indicator enables you to monitor the battery charge level when you give it a quick shake. Whether you're traveling for work, for pleasure, or just around town, let Boost8400 provide the power you need to stay fully charged wherever you are.
