

# Traveler III

## CATCH THE WAVE

The **Eton Traveler III** receives every radio wavelength—AM(MW), FM, Longwave (Lw) and Shortwave (SW)—at home or abroad. And it's easy to set the station spacing and frequency so your stations come in loud and clear wherever you are.

## GET TUNED IN

Manual, auto, by memory or ATS (Auto Tuning Storage)... no matter how you tune in, you'll see your selected station in high-contrast, bright orange on the LCD display. When you want to tune in solo, just plug in your favorite headphones.

## RDS READY

The Traveler III radio features RDS for FM so you can see the station's call letters, style of music, song title, artist and more.

## NOW HEAR THIS

When listening to AM stations, simply rotate the radio for the best reception, thanks to the internal antenna. For enhanced FM and SW reception, simply pull up the telescoping antenna.

<p><b>am   fm   lw</b></p> <p>Receives AM/FM/LW Band</p>	<p><b>SW</b></p> <p>Receives Shortwave Band</p>	<p><b>RDS</b></p> <p>Receives RDS</p>

<p><b>ATS</b></p> <p>Automatic Tuning Storage</p>	<p></p> <p>Alarm Clock</p>	

## WAKE UP

With local and world time settings, radio and buzzer alarm clock settings, sleep timer and snooze light, the Etón Traveler III keeps you in time...in any time zone. It even displays the temperature to help you prepare for the day. And if you want to prevent the radio or alarm from turning on all together, just hit Lock.

## GET POWERED UP

Use USB cable (included), 4 AA batteries or plug a 6V AC adapter into the DC jack (sold separately).

## FEATURES

- AM/FM/LW/SW bands
- FM with RDS (Radio Data System)
- Automatic or manual digital tuning
- Auto tuning storage (ATS) function
- 500 memory stations
- Local/world time setting
